

TO WHOM IT MAY CONCERN**29 January 2026**

Dear Sir/Madam,

This letter confirms that Mr Abodid Sahoo has been accepted to attend the Cambridge Cultural Heritage Data School. This is an in-person, intensive, teaching programme that requires attendance at lectures, workshops and group discussions.

The school takes place at the Faculty of English from 13 - 17 April 2026 at the University of Cambridge. Full details are available on our website:

<https://www.cdh.cam.ac.uk/dataschools/>

The course Convenor is aware of Mr Sahoo's excellent research at the Royal College of Art and that he is a strong match to the school aims and curriculum. We have awarded him a fee break Bursary in recognition of his strong potential to benefit from the school and contribute to the cohort, but alas, we cannot support transport or accommodation costs. We hope he will be able to find funding from other organisations and be able to join us on campus in Cambridge in April.

Further information and a detailed programme can be found on our website here:

<https://www.cdh.cam.ac.uk/events/40538/>

Please do not hesitate to contact me should you require any further information.

Yours faithfully,

Dr Anne Alexander,
Director of Methods Programmes
Cambridge Digital Humanities
